

एक ही संकल्प **बस डॉक्टर बनना है ...**

“इंतजार करने वालों को सिर्फ उतना ही मिलता है जितना कोशिश करने वाले छोड़ देते हैं”

MBBS	Should I drop this year or Not ?	Your
How	MCI Screening Test	Time
Where	FMGE or NEXT	Money
What	NEET-2018	Efforts
Why	Total Cost ?	Frustration
Ask Now	NEET-2019	Think Again
	Which Country	
	Competition	
	NEET-2020	
	India or Abroad	

आपके सवाल, हमारे जवाब ...

एक वर्ष DROP करने का मतलब है

Cost of Coaching + 1 Year of Career + Loss of 1 Year

Doctor's Salary & Experience = No Certainty

यदि बार-बार कोचिंग करने से भारत में एडमिशन की गारन्टी होती तो पिछले
तीन-चार वर्षों के विद्यार्थी भी अभी तक कोचिंग नहीं कर रहे होते

An opportunity is never lost, it's just found by some one else.

MBBS in India or Abroad

नीट की परीक्षा देश की कुछ सबसे बड़ी परीक्षाओं में से एक है, जहाँ लगभग 66 हजार सीटों के लिए 15 लाख से अधिक विद्यार्थी परीक्षा में बैठते हैं। इसका मतलब है कि परीक्षा होने एवं परिणाम आने से पहले ही यह तय है कि केवल 4-5 % विद्यार्थियों का चयन होगा।

बाकी बचे हुये विद्यार्थी अपने डॉक्टर बनने के सपने के साथ समझौता करके दूसरे कोर्स (BDS, BAMS, BHMS, Nursing, Pharmacy & Other Courses) में प्रवेश ले लेंगे, कुछ विद्यार्थी अगले वर्ष प्रवेश मिल जायेगा यह सोचकर Drop कर लेंगे एवं दोबारा से 15 लाख से अधिक विद्यार्थियों की भीड़ में शामिल हो जायेंगे ओर कुछ समझदार विद्यार्थी अपने सपने को साकार करने के लिए अपनी आर्थिक क्षमता के अनुसार सही विकल्प का चुनाव कर विदेश से MBBS करेंगे।

Don't Be a Dropper. Be A Doctor.

If you Drop ! Competition of NEET, Budget for MBBS in India, Number of Seats & Applicants in India will not change, you need to change your mind set.

Think about possibilities of Admission, Think beyond boundaries, Nothing can stop You, Not Even FMGE/MCI Screening Test (Only 50% Passing Marks).

There are only 3 Ways to get MBBS Admission

- ❖ **1st Government Medical Colleges - Score High & Get Admission (possible on only 25000 to 30000 seats)**
- ❖ **2nd Private Medical Colleges - Possible on next 30000 to 35000 seats, but cost is very high between 50 Lakh to 90 Lakh Approx.**
- ❖ **Now the 3rd and Only Way is MBBS Abroad - Select right country & college based on your budget and Preferences. See Why MBBS Abroad is right choice for you.**
 - No Entrance Exam
 - MCI & WHO Listed
 - Indian/Vegetarian Food
 - Syllabus similar to Indian Syllabus
 - Valid for Govt. Job & PG in India
 - Scholarship & Education Loan Support
 - Low Fee Structure
 - English Medium
 - International Exposure

So Make a Right Choice, Don't Be a Dropper, Be a Doctor

Countries like India - Bangladesh & Nepal

5 Years Duration, Internship Valid in India. Language, Weather, Culture, Food, Syllabus, Teaching Methods and Disease Pattern are exactly same as India so we can say only Bangladesh & Nepal are same as India. Bangladesh is better option based on strong eligibility, low cost, better clinical exposure and high MCI Results. Total Package in Bangladesh (Starting From 26-27 Lakh), Nepal (Starting From 45-50 Lakh)

Think Beyond Borders

Other Cold Countries (Extreme cold weather, different language + culture & eating habits are big challenges for Indian students.)

ARMENIA & GEORGIA

6 Years Duration, European Education System & Life Style, Safe Countries with decent education, Located Geographically in Europe but has strong Asian influence so becomes easy for Indian students to adopt. Based on favourable factors like Indian Embassy, Visa on Arrival in Armenia, low cost of living & education, connectivity Armenia can be considered better option. Total Package in Armenia (Starting From 20-22 Lakh), Georgia (Starting From 25-27 Lakh). Don't fall in trap of people talking about 5 year's duration & expenses.

BELARUS, RUSSIA & UKRAINE

6 Years Duration, these countries are known as popular and very old destination for Indian students. Most of the universities are owned by government. Total Package in Belarus & Ukraine (Starting From 25-28 Lakh) and Russia (Starting From 20-22 Lakh)

CHINA – Most Popular Destination

5 Years Duration, Internship valid in India, Best infrastructure, All Govt. Universities, better MCI results, Technology driven education and low cost of living makes China as most preferred destination for Indian students. Some of the universities are situated near India and have same weather as India. Total Package in China is starting from 17-18 Lakh.

KAZAKHSTAN & KYRGYZSTAN

5 Years Duration, These countries are popular because of cost factors, duration, distance from India. Kazakhstan can be considered better option based on quality of education, safety and Infrastructure. Total Package in Kazakhstan (Starting From 21-22 Lakh), Kyrgyzstan (Starting From 17-18 Lakh).

MALAYSIA, MAURITIUS, SOUTH & CENTRAL AMERICA

5 Years Duration, weather is same as India, many Indians are living in these countries but high cost of education and living is biggest disadvantage of these countries. South & Central America offers option of Clinical Rotations & FREE PG in USA after qualifying required levels of USMLE. Malaysia can be considered better than Mauritius based on quality of education, life and clinical exposure. Total Package in Malaysia, South & Central America (Starting From 60-65 Lakh) and Mauritius (Starting From 48-50 Lakh)

Important Details : Many Indian students are already studying & graduated from above mentioned countries and few of the universities have Indian canteen, care taker facilities. Total Package = Fees + Hostel + Food + Insurance + Visa Renewal (for entire duration of course) + Processing & Consultancy Fees (One Time in 1st Year)

HELP LINE : +91 92144-22499 | www.mbbsneet.com

We have options in all above mentioned countries which we offer based on 12th %, NEET Score Budget, Future Plans for PG and Preferred Location. Our Service Charges are lowest Contact before applying to any country for Real Information & Real Package.

MBBS in Bangladesh

www.mbbsfrombangladesh.com

भारतीय सीमा रेखा
से मात्र 100 कि.मी. दूरी
पर 300 से ज्यादा भारतीय
विद्यार्थी अध्ययनरत

Feel Like INDIA

भारत से नजदीक
भारत जैसा शैक्षणिक अनुभव

MBBS के लिए भारत जैसा देश - बांग्लादेश

क्योंकि भारत एवं बांग्लादेश का मौसम, रहन-सहन, खान-पान, भाषा, मेडिकल की पढ़ाई, पाठ्यक्रम, किताबें, बीमारियाँ एवं इलाज एक जैसा है, 60 प्रतिशत से अधिक वाले विद्यार्थियों को ही प्रवेश दिया जाता है एवं अन्य सभी देशों से बेहतर MCI की परीक्षा का परिणाम है, कुल खर्च भारत एवं नेपाल से कम है, यही सब फायदे MBBS के लिए बांग्लादेश को नेपाल एवं अन्य देशों से बेहतर विकल्प बनाते हैं।

Why to struggle with Extreme Cold Weather, Extra Language Classes & Test, Frozen Food, Low MCI Result & High Post Admission Expenses @ Other countries if You are eligible for Bangladesh. You can't compare India/ Bangladesh with Other Cold Countries. **Think Logically & Be Aware before making decision.**

Why Bangladesh

Bangladesh was a part of India so it has almost all benefits of studying in India. Many Indian & Nepali students are already studying in Bangladesh for last many years. Advantages of studying MBBS in Bangladesh is mentioned below

- ❖ 5 Year's Course, Internship in Bangladesh is valid in India (not for other countries)
- ❖ MCI (Medical Council of India), WHO (World Health Organization), BM&DC (Bangladesh Medical & Dental Council) Listed & Approved Colleges, Affiliated to Very Old & Renowned Govt. Universities
- ❖ Convenience in living: Bangladesh is almost same as India (same language, weather, culture, Bacteria & disease pattern & medical practice).
- ❖ Convenience in Study & Best Results : Syllabus is same as India, No Language Classes & Exams (all other countries has separate language classes & exams), Best clinical exposure (due to high population) with highest FMGE/MCI Test Result (other students are struggling)
- ❖ High Eligibility Norms : Quality Education for Good Students (Students who have passed 12th in current year or last year only they are eligible for admissions with minimum 60% in Bio and overall also 60% required in 10th & 12th Class) (most of the other countries are taking any students who is paying money)
- ❖ Other Silent Expenses : Lowest Travelling Cost During vacations & No Local Transportation Cost as Hospital, Hostel and Campus are within same premises. Lowest Pocket money, lowest cost of food is other important expenses which are generally not included in other country's packages.
- ❖ No need of Indian Canteen, Care Taker and MCI Coaching makes Bangladesh best option for Indian Students (biggest issue in other countries & they explain as facilities)
- ❖ Bangladesh is "Dry Country/Lowest Consumption of Alcohol" Good for safety & avoids extra expenses.
- ❖ Bangladesh is world's 3rd largest country with Hindu Population after India & Nepal.
- ❖ Diplomatic, Political, Cultural & Industrial Relations between India & Bangladesh are Very Strong, Supportive & Stable. Bangladesh also has Fastest Growing Textile, Sea Food & Tourism Industry.

Most Suitable Colleges in Bangladesh

Approx Cost of Education & Living : Fee packages of Medical colleges in Bangladesh are between 34000 USD to 50000 USD for 5 years, this amount is to be payable in instalments. Living Cost (Accommodation & Food) is very economical in Bangladesh, most of the institutes have included accommodation cost in their fee packages, in some of the colleges it is approx 50 to 70 USD per month. Cost of food is approx 20 to 50 USD per month.

You Can Select Suitable College Based on Budget, Preferred Location & Other Factors

Dhaka University (Govt. University Established in 1921) :

1. Ad-din Women's Medical College (Only Girls) - Dhaka
2. Community Based Medical College - Mymensingh
3. Dhaka National Medical College - Dhaka
4. Diabetic Association Medical College - Faridpur
5. Monno Medical College - Manikganj
6. East West Medical College - Dhaka
7. Kumudini Women's Medical College (Only Girls) - Mirzapur
8. Medical College for Women & Hospital (Only Girls) - Dhaka
9. Shaheed Monsur Ali Medical College - Dhaka
10. Tayerunnessa Memorial Medical College - Dhaka

Chittagong University (Govt. University Established in 1966)

1. Central Medical College-Comilla
2. Eastern Medical College-Comilla
3. Mainamoti Medical College-Comilla
4. Southern Medical College & Hospital-Chittagong

Rajshahi University (Govt. University Established in 1953):

1. Ad-din Sakina Medical College (Only Girls)-Jessore
2. Barind Medical College-Rajshahi
3. Gazi Medical College-Khulna
4. North Bengal Medical College-Sirajganj
5. Prime Medical College-Rangpur
6. Rangpur Community Medical College-Rangpur

Very Important for students/parents: Before comparing cost of Medical Education in Bangladesh & other Countries students /parents must also consider post admission expenses like travelling cost during vacation, cost of food, pocket money, extra cost due to weather, local transportation cost, cost of internship, cost of MCI Preparation & Living in Delhi/Other cities. Also think why do other countries need Indian Canteen, Caretaker & MCI Preparation (if they focus on this, it justify that you need to make many adjustments and compromises for weather, language, food, studies and at last MCI Screening Test/FMGE).
